

Elevator Pitch:

Hello, if you have a moment we would love to chat with you about your experience here in El Pueblo and the surrounding community. We are Urban Planning masters students from the University of Arizona and for our final capstone project, we are creating a community engagement study centered on the El Pueblo Center, Laos Transit Center, Tucson Rodeo and the surrounding communities. This is a three month study that will be done in 3 stages; a site and historic analysis, community engagement interviews and creating a community vision document.

Disclaimer:

We'd like to record this meeting so we can refer back to this meeting when synthesizing community feedback for common themes in the visioning phase of our capstone. Please let us know if you are not comfortable with being recorded or quoted in our final deliverable, and we will only use your feedback in an aggregated form in the visioning.

Participant Name (or #): _____

Community Questions:

1. What's your connection to the area?

2. What do you want to see changed, improved, preserved?

3. Do you have any concerns about the area?

4. Is there anyone else you think we should interview for our study? Individuals, groups, organizations, businesses etc.?
5. What neighborhood are you from?
6. [Historic Preservation] What gives you a sense of pride in the community? Do you have a personal connection to the Rodeo?
7. [Economics & Housing] Is there a type of business you would like to see more of on the south side? (groceries? Restaurants? Shopping? Child care? Health services?)

8. [eTOD] What change do you think would make the biggest impact on accessibility in the community?

9. [Environmental] Do you feel that your community does enough to deal with extreme heat and extreme weather events?

10. [Health & QOL] Do you feel that your community does enough to address public health concerns; such as outbreaks, food security, drug-induced deaths, access to healthcare resources etc.?
